

REACH ECOSYSTEM

MAKE IT REAL REACH RUG ACTIVITIES

Make it Real with a REACH Rug, a bright and colourful way to bring REACH to life in your REACH training, presentations and at the office. This Rug has been designed to get everyone up and physically moving. The sheer act of physically moving has been proven to change mindsets and perspectives. Below are some recommended activities to utilize the REACH Rug.

MAKE IT REAL REACH RUG ACTIVITY 1 – TRAINING SESSION WARM UP

Designed to be used with small training groups up to 6 – 8 people in conjunction with REACH Training Materials, have the participants move around the REACH Rug with the “REACH in Two Questions” activity.

MAKE IT REAL REACH RUG ACTIVITY 2 – ROLE PLAY IN DIFFERENT QUADRANTS

The REACH Rug can be used in role play and fish-bowl activities for just about any REACH Training Materials. Ask participants to stand in different quadrants and behave in that style. Then debrief activities such as Conflict Resolution, Delegation, Customer Service and more. Imagine the power of seeing an Advisor manage conflict between two Drivers, or a councilor dealing face-to-face with an irate customer.

REACH ECOSYSTEM

i MAKE IT REAL REACH RUG ACTIVITY 3 – OFFICE SPACE

The REACH Rug can be put in various places around the office to remind people of the concepts of REACH. They can keep the concepts alive by using this as a tool to remind themselves of the various REACH Styles and how they can reach others by thinking in other REACH Styles besides their own.
